

運用學校網頁提供醫藥保健資訊

The image displays four screenshots of the Taichung City Yiren Elementary School website, illustrating how health and medical information is provided. The top two screenshots show the school's homepage with a navigation menu and a central banner for a health check-up project. The bottom-left screenshot shows a detailed page for a 4-month health check-up program, listing specific items like cervical cancer, oral cancer, breast cancer, colon cancer, and lung cancer screening. The bottom-right screenshot shows a dedicated page for a combined prevention and education campaign for syphilis, gonorrhea, and Mumps, featuring a colorful infographic with text in Chinese and English, such as 'MPOX 你該注意!' and '愛滋、梅毒、淋病及M痘四合一防治宣導海報'.
